hey there

We photograph people in love. It is actually that simple. Weddings is where our business starts and ends. Nothing more, nothing less. We adore photography & film and are so blessed to do this as our full-time job, it is actually unreal!

As your photographer / videographer, our hope is that we come out of our experience together as new friends! We aim to tell your story by documenting those grand moments, tiny details and all the essence of your most special day. We aim to capture you - the happy couple as your trueselves — all the love, laughs, and epic memories that you will fondly look back upon years after your wedding day.

Our goal as your wedding photographer & videographer is to focus on capturing your story while making sure that you enjoy your wedding day in a fun, relaxed and unobtrusive way. Here's to Happy Ever After... Please don't hesitate to contact us, we would love to hear from you!

Eddie & Cristina

WHAT TO EXPECT

Our style

In essence, we tailor the wedding shoot to capture exactly what you want. Every wedding is different. We shoot in a relaxed, fun and unobtrusive style.

Having a great connection with your wedding bridal party - family & guests is very important in capturing the real emotion of your wedding day from start to finish. We offer a modern, stylish approach to capturing your day. From traditional, & posed to candid and natural we have you covered.

Before You Book

The first step is to review our photos and video clips that we have online along with our pricing guides, and packages.

The next step is to settle on your date and venue. We don't accept bookings until these two pieces are in place. Once you have these two ultra important decisions made, shoot us an email and we can check availability for your date and get you booked in.

TIPS *for* the WEDDING

We know exactly what you are looking for from your wedding day. An incredible celebration, that is memorable and of course, stress-free. But also amazing wedding photos & video that will last the test of time and allow you to relive all the incredible memories.

Is it possible to have a fusion of amazing photography and a relaxed, fun day without feeling like you are in a photo shoot as a bride or groom? You bet it is.

TRY TO STICK TO YOUR ORIGINAL TIMELINE

Creating a timeline of the day's events and sharing it with your photographer is essential to make sure all of you are well-prepared for the day.

It's a good idea to allow a little extra time between transitions or location changes from the ceremony to the reception on the chance that things are running behind schedule.

We will talk you through your shot list and schedule photo sessions into your timeline for couple's portraits, wedding party, family, and any other specific requests you have.

CREATE A LIST OF FAMILY MEMBERS

Make sure that you get a list of family members names to your photographers at least a week before your wedding. The list should at least have first names of all people wanted in the portraits.

Let all close family members know that you want them to stay at the ceremony site for family portraits. Sometimes family members (yes, even close ones like grandparents) forget or don't realize they need to stay for the family portraits. It takes time to gather lost family members and is much easier when they all know prior to the wedding day.

GATHER ITEMS FOR DETAIL SHOTS

The rings, bouquets, wedding invitations, jewelry, perfume, shoes, are all gorgeous details that shouldn't be forgotten! It's helpful for your wedding photographer to rely on a wedding party member or other helper to organize these items, so make sure to keep them close by on the morning of the wedding.

Don't limit yourself to this list, though! You can also think outside the box with any of your own thoughts and ideas!

CREATE A SHOT LIST WITH YOUR PHOTOGRAPHER

You've hired your photographer, videographer and it is definitely within their expertise to make sure every moment of the day is captured. That being said, it is a great idea to put together a shot list with your photographer so that you make sure that the two of you are able to check off the essentials.

From the little details, to the venue setup, to couple portraits — these are all examples of photos that will tell the story of your day from start to finish. We will pop out to the pair of you about 10 days before the wedding to go over all these important details.

ALLOW YOUR PHOTOGRAPHER TO GUIDE YOU

Allow your wedding photographer to gently guide you towards natural light and direction that will make you look and feel your best. We are always open to creative suggestions from our couples, but we also might suggest otherwise if we see that perhaps the shadows from a nearby tree might not be your best compliment in a particular location.

Not feeling comfortable in front of a camera yet? Why not call us to schedule an engagement session before the big day to get used to moving and posing with your partner.

ENJOY THE NIGHT AND HAVE SOME FUN!

Breathe, relax, and stay focused on each other. Do what is right for YOU TWO. Customize your wedding to your love story and what you two want. Sit back and admire all of the hard work that you (and your loving family/friends) have put into your day. Soak it all in. The best is yet to come!

ENGAGEMENT *session* ADVICE

WEAR SOMETHING COMFORTABLE

This is by far one of the most important tips we can give you. Choosing outfits that make you feel like a million bucks is key. If you purchase something new, take it out for a test run. You also want to think about how it'll photograph & video during your session.

Our biggest advice is comfort over everything. If you never wear a suit but are considering it for your engagements because it's what you have seen, just skip it and wear that tee that you love. These photos are representative of your own personalities, and you should feel like yourselves and dress like yourselves, too.

Wearing outfits that compliment each other will help make your photos look cohesive.

TAKE YOUR ENGAGEMENT PHOTOS IN A PLACE THAT YOU LOVE

We encourage couples to go to places they love. This could be the place where you first met, a cafe or brewery, or perhaps in your own home. Your story is unique, and your photos should reflect that. This is the perfect opportunity to visit a place or two that might be hard to visit on your wedding day! Maybe there is a hiking trail or park in your area you'd like to have your photos taken at. This is the perfect opportunity to capture memories there.

SCHEDULE THE SESSION AROUND THE SUN

You may be familiar with the term “golden hour” aka the beautiful time of day just before the sun sets. This is when you want to shoot if you’re looking for that warm light in your photos.

Planning ahead of time using your weather app to find out when sunset is ensures that you have plenty of time to shoot before the light is gone.

The early afternoon may sound like a good time for photos schedule-wise, but keep in mind that the light is much harsher at this time because the sun is directly overhead.

Early morning light can also be magical, so if you’re a morning person, consider getting to your first location just as the sun starts to rise.

A wedding couple in a classic room. The bride is seated in an ornate chair, wearing a white lace wedding dress with a long train and holding a bouquet of pink and white flowers. The groom stands behind her, wearing a dark blue suit and a patterned tie. The room features a large wooden cabinet with a mirror, a framed picture on the wall, and a red and white patterned curtain. The floor is made of light-colored wood.
